OUR PROGRAMMES IN PICTORIAL

The Food Program and Other Basic Needs

There is no dignity in sleeping hungry on a cold floor or without clothes. The foundation has endeavored to ensure as many PWDs as possible do not sleep hungry or on the floor.

The Food Program has benefited more than 6000 households in about 600 repeats.

Diapers, Sanitary Towels and Prosthesis

More than 200 Cerebral Palsy children benefit from the Diaper project, about 500 teenage girls with disability benefit from Sanitary Towels while 60 of cancer warriors from prosthesis.

Psychosocial Therapy

Disability is draining. PWDs and the caregivers often require emotional support.

OUR PROGRAMMES IN PICTORIAL

Assistive Devices

It is not possible to participate without mobility. 500 adults and 50 children has benefited from various assistive devices in Partnership with Donors.

Daycare Services

The project allows parents to go out and work while improving the children's social, emotional and cognitive development.

Sensitization and Awareness

The foundation has gone all out to address disability stigma and its effects.
